Nonny Frett understands the meaning of the phrase "in between a rock and a hard place" better than any woman alive. She's got two mothers, "one deaf-blind and the other four baby steps from flat crazy." She's got two men: a husband who's easing out the back door; and a best friend, who's laying siege to her heart in her front yard. And she has two families: the Fretts, who stole her and raised her right; and the Crabtrees, who won't forget how they were done wrong. Now, in *Between*, Georgia, a feud that began the night Nonny was born is escalating and threatening to expose family

years later, Chiron's textbook has been unearthed. And it's your chance to join the ranks of Ancient Greece's finest. Be forewarned: It's no simple task. You have a lot to learn. Inside lies the necessary knowledge to start a quest as epic as one of the great's--from the inner workings of Mt. Olympus to the ins-and-outs of the Underworld to the Achilles' heel of each brutal beast you'll battle along the way. This handbook is as important as the sword in your hand and the shield on your back.
