The Yamaha MT4X is an old school, four track cassette recording device. Of course recorders like this are quite outdated at this point, but there's still a little bit of worth in this and even though they aren't highly sought after, there's still a number of these floating around. I'm not sure the year on the MT4X, but a good friend of mine still has one, although we haven't used it together ...

My little yamaha four track recording unit makes me mad sometimes because you always have to have the black knobs set just so or you affect bleed over problems from the other three tracks and you have to push the buttons on it. I push and push and push but sometimes I can't remember to turn the knobs around. I wish my unit had RCA plug ins available as well as the standard quarter inch plug ...
