The new 7th edition of "Zoology" continues to offer students an introductory general zoology text that is manageable in size and adaptable to a variety of course formats. It is a principles-oriented text written for the non-majors or the combined course, presented at the freshman and sophomore level. "Zoology" is organized into three parts. Part One covers the common life processes, including cell and tissue structure and function, the genetic basis of evolution, and the evolutionary and ecological principles that unify all life. Part Two is the survey of protists and animals, emphasizing evolutionary and ecological relationships, aspects of animal organization that unite major animal phyla, and animal adaptations. Part Three covers animal form and function using a comparative approach. This approach includes descriptions and full-color artwork that depict evolutionary changes in the structure and function of selected organ systems.

"The 10th edition of Zoology continues to offer students an introductory general zoology text that is manageable in size and adaptable to a variety of course formats."--Provided by

publisher

Principles-oriented introductory zoology text for non-majors or combined majors/non-majors (freshman-sophomore level). An introductory general zoology text that is manageable in size and adaptable to a variety of course formats

The 9th edition of Zoology continues to offer students an introductory general zoology text that is manageable in size and adaptable to a variety of course formats. It is a principles-oriented text written for the non-majors or the combined course, presented at the freshman and sophomore level. New to the 9th edition are Learning Outcomes and Learning Outcome Review questions. Learning Outcomes help students identify and focus on the major concepts of each chapter. Learning Outcomes Review questions conclude each major concept to reinforce critical concepts students have just studied and include critical thinking questions that assess their understanding of those concepts. Introducing Connect Zoology! For the first time in this discipline Connect and Connect Plus allow instructors to provide auto-gradable and interactive assessment material tied to learning outcomes and provide students better integration through live ebook links to animations, videos and audio assets.
